Thomas,

A review of your notification reveals that the notification was intended for the Alabama Public Service Commission. Although the February 18, 2005 Staff Data Request informed you of this discrepancy and requested that a corrected petition be directed to the Tennessee Regulatory Authority, your response received on February 28, 2005 did not address this issue. Please review the notification and make the necessary corrections and e-mail me back the corrected file as soon as possible. This will allow us for a quick consideration by the TRA

Sincerely,

Aster R. Adams, Chief
